Tools
`Xcode` `App Store` `Instruments` `Git` `SwiftLint` `SwiftFormat` `Periphery`

EXPERIENCE

Mobile Engineer (iOS), Owner @ MPDPilot   📅 04.2020 - ongoing

• Music Player Daemon client for managing playback, with a local playback feature
• I started developing this app as a playground to learn new technologies
• Now live on the App Store with a high rating and over 1,000 users

Mobile Engineer (iOS + macOS) @ Detail   📅 11.2021 - 08.2023

• An app for recording multiple sources simultaneously, editing compositions, and exporting videos
• Led the development of the screen recording and streaming feature, and the audio waveform feature
• Worked on performance improvements related to handling multiple video pipelines and high-quality multimedia

Mobile Engineer (iOS) @ Mindera   📅 01.2021 - 11.2021

• A large e-commerce app with over 100,000 users
• Optimized the iOS app UI to enhance user engagement
• Crafted scalable architectural solutions to hasten development pace

Mobile Engineer @ Callstack   📅 01.2019 - 09.2020

• Worked with React Native, a cross-platform technology enabling app distribution for iOS and Android
• Participated in multiple projects of varying complexity, team size, and domain challenges
• Took part in open-source hackathons

Fullstack Developer @ Grupataka   📅 07.2017 - 06.2018

• Developed websites with CMS for marketing agency clients
• Mostly worked independently, delivering projects from scratch

Fullstack Developer @ Active Bytes   📅 11.2016 - 06.2017

• Developed several e-commerce stores in various domains
• Work was mostly asynchronous, requiring detailed documentation

Fullstack Developer @ VRTechnology   📅 06.2015 - 06.2016

• Developed websites with CMS

Trainee @ Silsense Technologies   📅 04.2015 - 05.2015

• Created several graphic designs, including the company logo

EDUCATION

Upper Silesian Academy of Entrepreneurship   📅 10.2016 - 07.2019

• Psychology of Management - Bachelor
• Modern Marketing and Trade - Bachelor

Technical High School   📅 09.2012 - 06.2016

• IT Technician

COURSES

iOS 13 & Swift 5 - The Complete iOS App Development Bootcamp

Data Structures and Algorithms in Swift

HOBBY

Sports 🚴

I feel best while dancing and cycling, but any active time is time well spent!

Arts & Crafts 🖌

I enjoy creating beautiful things and experimenting with new techniques. To share my passion, I hosted artistic workshops for adults.
